TERMS AND CONDITIONS

GENERAL CONDITIONS

- This contract shall not be assigned nor transferred and is valid only between Big Park Stud and the owner(s) of mare(s) booked specifically by name. In the event said mare(s) is sold or consigned for sale, the service fee, if unpaid, shall immediately become due and payable.
- Under regulations we must properly identify mares as named and registered to be served. Owners are required to supply the correct details of the mare's name and brand to Big Park Stud prior to serving. We also require a completed Booking Form for contractual records.
- Big Park Stud reserves the right to reject any mare not in good condition physically, or not clean and fit for breeding.
- It is the owner's responsibility and decision to insure their horse/s against all risks while at the stud or in transit and the owner acknowledges that the horse/s will be in the care of Big Park Stud entirely at the owner's risk. Big Park Stud will take all reasonable care with the animals in its care. However, neither Big Park Stud, its members, agents or employees shall be liable for the injury, illness, disease or death suffered by any horse, from any cause whatsoever whilst in the care of the stud. We strongly recommend owners insure their valuable mares/foals/young horses as a protection of their investment.
- In the event of the mare departing the stud prior to being pregnancy tested the mare will be treated as in foal from the date of last service and the service fee invoiced as per a positive test except in the case where a negative pregnancy Veterinary Certificate is supplied.
- The service fee shall be charged upon the mare having a positive final pregnancy test.
- The stallion service fee and any other fees will be payable within 14 days of invoice date and the mare owner agrees that Big Park Stud is under no obligation to offer a free return service and any discounts on service fees will be voided should the account not be paid by the due date. An overdue account service charge of \$20.00 per mare per month will apply on all accounts not paid within 14 days. Costs incurred in recovering any overdue accounts will be added to the client's account.
- Live Foal Guarantee: If after a positive test, the mare fails to produce a live foal (stands and suckles unassisted), the owner shall be entitled to a return service to the same stallion with the same mare (or substitute by agreement). Claims regarding the failure to produce a live foal should be accompanied by a certificate from a Veterinarian and must be notified to the stud within 14 days.
- The Live Foal Guarantee will not apply if; the service fee is not paid within 14 days of the invoice date, or if in the opinion of a qualified veterinarian, the mare's owner is negligent in the management or provision of such management for the mare during the term of pregnancy and/or at the time of foaling, which could contribute to the death of the foal.
- The mare owner shall immediately notify the stud in writing if the mare dies or otherwise becomes unfit to be bred prior to or during the breeding season. If the stallion shall in any way become unfit for service before servicing the mare, or if the mare should die or otherwise become unfit to be serviced supported by a veterinarian certificate, this contract is and shall be null and void except in respect of accrued expenses due to Big Park Stud.
- Big Park Stud will not issue a mating certificate pertaining to this breeding until all charges due to Big Park Stud from the owner/s have been paid in full. Only one mating certificate shall be issued to the owner of the mare who is the subject of this breeding contract.
